Education

University of Ghana (UG) — *Legon GA, Ghana*

BA in Psychology and Information Studies — *2022 – 2026*

Research Interests

Human-Computer Interaction, Human Factors, Cognitive Psychology, Information Science, and Artificial Intelligence

Research Experience

Undergraduate Researcher

Project Title: Same Facts, Different Interfaces: Evaluating FAQ, Retrieval Chatbot, and AI Chatbot for Student Services

Department of Information Studies, University of Ghana | Supervisor: Professor Philip Kwaku Kankam

- Designed and developed three student-information interfaces; an FAQ webpage, retrieval-based chatbot, and AI chatbot, using a shared knowledge base.
- Conducted a comparative user-experience study involving 40 participants to evaluate ease of use, perceived mental effort, trust, speed, accuracy, clarity, and satisfaction.
- Analyzed participant responses to identify differences in user experience and the strengths and limitations of each interface.
- Presented research findings through oral and poster presentations at academic events.

Undergraduate Researcher

Project Title: Building a High-Accuracy Ga ASR system using the transformer-based Whisper Architecture

Department of Computer Science, Human-Computer Interaction Lab | Supervisor: Professor Isaac Wiafe

- Developed a transformer-based automatic speech recognition system for the Ga language using OpenAI's Whisper architecture.
- Applied speech recognition and machine learning techniques to support automatic transcription of a low-resource Ghanaian language.
- Fine-tuned the model to improve speech recognition performance.

Undergraduate Research Project

Project Title: The Effect of Focused Attention on Attended and Unattended Binaural Listening Tasks

Department of Psychology, University of Ghana | Practicals in Cognition II

- Investigated the effects of focused and divided attention on auditory memory using pre-existing experimental data from 320 undergraduate students.
- Examined differences in recall performance across four experimental conditions involving attended and unattended auditory information.
- Analyzed survey responses and interface preferences to compare user experiences and identify the strengths and limitations of each interface.

Presentations

College of Education International Conference 2026 | Oral Presentation

Dakpo, H. K. D. (2026): Same Facts, Different Interfaces: Evaluating FAQ, Retrieval Chatbot, and AI Chatbot for Student Services. College of Education International 2026 Conference: ‘’Addressing Contemporary Challenges in Education, Communication, Information and Technology’, Legon-Ghana.

Department’s Alumni Day | Poster Presentation

Dakpo, H. K. D. (2026): Same Facts, Different Interfaces: Evaluating FAQ, Retrieval Chatbot, and AI Chatbot for Student Services. Department of Information Studies, Legon-Ghana.

Manuscript in Preparation

Dakpo, H. K. D., & Kankam, P. K. Same Facts, Different Interfaces: Evaluating FAQ, Retrieval Chatbot, and AI Chatbot for Student Services. [Manuscript in preparation]

Work Experience

Solutions Technologies *Madina GA, Ghana*

Technical Lead (Part-time) *2020 – 2022*

- Led the design, implementation, and deployment of ICT and telecommunications solutions across multiple regions in the country.
- Supervised the end-to-end installation and configuration of VSAT systems, wireless and wired networks, and satellite communication solutions.
- Managed project teams coordinated with clients and partners to deliver high-quality, reliable, and scalable connectivity solutions.
- Conducted troubleshooting, maintenance, and optimization to ensure network performance met customer satisfaction and needs.

ALX Africa *Remote*

Intern (IT Support) *2019–2020*

- Helped learners and staff resolve issues with logging in, accessing course materials, or navigating ALX's platforms.
- Diagnosed and fixed technical issues like page loading problems, broken links, and user interface glitches.
- Monitored platform performance and reported any outages or major bugs.
- Worked with the product and engineering teams to escalate complex technical problems that required advanced troubleshooting.

Joetech IT solutions *Pokuase GA, Ghana*

IT Technician *2015 – 2017*

- Diagnosed and repaired hardware issues, including disassembling and reassembling laptops and desktop computers to replace or fix faulty components.
- Performed software troubleshooting, including operating system reinstallation, application setup, and driver configuration.

Certifications

Devops Beginners to Advanced- [UDEMY] *In Progress*

Google AI Essentials - [COURSERA] *August 2026*

Devops Engineering [JOMACS] *January 2025*

AI Essentials [ALX] *April 2024*

Skills

Research Skills

- Ability to conduct literature review, synthesize existing knowledge, and identify research gaps.
- Ability to design research and survey/questionnaire development.
- Experienced in compiling data from scholarly legit sites and also collecting data from the field.
- Ability to perform qualitative and quantitative analysis of data.
- Experienced in writing academic and technical report writing
- Experienced in preparing manuscripts and following journal guidelines for publication.
- Ability to present research findings in both oral and poster formats.

Technical Skills

- Programming Languages: R, Python, Bash
- Cloud Computing: AWS (EC2, S3, RDS, Route 53, Elastic Cache, Beanstalk, Amazon MQ)
- DevOps Tools: Jenkins, Nexus, SonarQube, Ansible, GitOps
- Containerization: Docker, Docker Compose, Kubernetes, Terraform
- Technical Support: Troubleshooting, resolving user issues, performance monitoring

Software Skills

- Microsoft Office: Word, Excel, PowerPoint | Google Workspace: Docs, Sheets, Slides

Leadership

Secretary, UG SRC Disciplinary Committee *2025-2026*

- Maintained official records and documentation of committee activities, disciplinary cases, and decisions.
- Participated in disciplinary hearings and committee meetings to support fair case review and resolution.
- Contributed to recommendations and initiatives to strengthen student discipline, accountability, and committee operations.
- Prepared end-of-semester reports summarizing committee activities, outcomes, challenges, and future recommendations.

Referees

Prof. Isaac Wiafe, supervisor (iwiafe@ug.edu.gh); Prof. Philip Kwaku Kankam, Undergraduate Lecturer, (pkkankam@ug.edu.gh)
